LIFTING THE HUMAN SPIRIT THROUGH SCULPTURE

“Everyone has oceans to fly, if they have the heart to do it. Is it reckless? Maybe. But what do dreams know of boundaries?”

That quote is exactly why I chose to depict Amelia attired in her unmistakable flight gear and looking upward. Aside from sculpting her beautiful likeness and lithe, airy figure, my other favorite elements to sculpt were her leather cap and particularly her flight goggles. They represent the vision and precedence she so totally embraced for the women of her and all eras, to rise above. In spite of her fateful demise at the young age of 39, Amelia’s courage will forever be an inspiration for all of us to ascend any stigmas or prejudices. Thank you Ms. Earhart!
